Abstract: Se describe una metodología de diez pasos para la investigación en los sistemas de granjas integrales de agricultura-acuacultura. Se da una particular atención a las interacciones entre los componentes de la agricultura y la acuacultura. Se hace referencia a los métodos de investigación "estándar" apropiados en agricultura y acuacultura.

Este resumen se ha extraído del documento original, que fue publicado en *Techniques for Modern Aquaculture*, Proceedings of an Aquacultural Engineering Conference, 21-23 June 1993, Spokane Washington, Jaw-Kai Wang (Editor). American Society of Agricultural Engineers, St. Joseph, Michigan, USA. (pp.89-98)

CRSP RESEARCH REPORTS are published as occasional papers by the Program Management Office, Pond Dynamics/Aquaculture Collaborative Research Support Program, Office of International Research and Development, Oregon State University, Snell Hall 400, Corvallis, Oregon 97331 USA. The Pond Dynamics/Aquaculture CRSP is supported by the US Agency for International Development under CRSP Grant No. DAN-4023-G-00-0031-00.
